About 1000 Friends of Oregon

1000 Friends of Oregon was founded in 1975 as a non-profit public service organization. It conducts research and public education on land-use and growth-management issues, and provides legal advice, technical assistance, and advocacy on planning policies at state and local levels.

About the Author of This Volume

Parsons Brinckerhoff Quade & Douglas, Inc.

Parsons Brinckerhoff Quade & Douglas is the leading provider of transit planning and design services in the United States. The firm has been involved in more than 75 percent of the nation's light rail transit systems in operation or under construction today. The firm's architects have developed concepts for or designed over 200 transit stations in the last ten years.

Samuel Seskin, Lead Planner for the firm's Portland, Oregon office, was the overall technical manager for the LUTRAQ project team. Dr. Judy Davis, also from the Portland office, was the primary author of this volume.
